

# Symmetrical tree card

Age: 6-9 Group size: 20

Duration: 25 mins

Preparation time: 15- 30 mins

## Resources

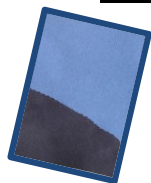

- White and black paper 12cms x 8cms
- Dark blue paper 12cms x 17cms
- Scissors
- Glue sticks
- Pencils
- Silver stars
- Xmas tree templates

## Preparation

Cut the paper to size. Provide one pair of scissors per child. For one card you will need one each of the blue and black papers and 2 of the white paper. Make several different templates of tree shapes – half the shape only.

## Activity

Cut a bumpy diagonal line onto the wide edge of the black paper and stick it onto the base of the blue paper. Fold one piece of white paper in half so that it is 4cms wide. Draw a Christmas tree shape along the folded edge. Cut out. Repeat with the other piece of white paper.

Glue the edges of the tree shapes and stick them onto the card. Add the stars.
